Summary

I am a passionate and motivated technology enthusiast with hands-on experience in frontend development and project management. I have a strong foundation in various programming languages and frameworks. I thrive in collaborative environments and am always eager to learn new skills to enhance my contributions to the tech industry.

Education

Rajasthan Technical University — Kota, Rajasthan
Bachelor of Technology in Electronics and Communication │ CGPA: **8.49** / 10.0 — 08/2021 - 05/2025

S R Public Sr. Sec. School — Kota, Rajasthan
CBSE-Higher Secondary Education │ CGPA: **8.42** / 10.0 — 04/2019 - 03/2020

Skills

Programming & Languages: Java, JavaScript

Frameworks & Libraries: React.js, Express.js, SQL, MongoDB, Node.js, TailwindCSS

Tools: GitHub, Git, VSCode,

Projects

Snippet-Vault
01/2025 - Present

Created an AI Code Snippet Manager

- Developed a feature-rich web app using **React**, **TypeScript**, and **Tailwind CSS** to manage and analyze code snippets efficiently.
- Integrated **Hugging Face AI** models for smart code insights, suggestions, and automated snippet analysis.
- Enabled developers to organize, search, and improve their code with AI-powered functionality.
- Designed a clean, responsive, and user-friendly interface that simplifies coding workflows and boosts productivity.

Pitch Management App for Startups
https://pitching-app.vercel.app/ — 11/2024 - 01/2025

Built a pitch management platform for start-ups

- Built a robust pitch management platform to help start-ups create, manage, and track their pitch presentations efficiently.
- Developed a responsive and intuitive user interface using **Next** and **Tailwind CSS**, ensuring seamless experience across all devices.
- Integrated **Sanity.io** as a headless CMS for scalable, flexible, and easy management of user-generated pitch content.
- Deployed the application on **Vercel**, providing fast, scalable, and globally accessible performance with minimal latency.

Portfolio
https://project-seven-steel.vercel.app/

A Personal Portfolio Reflecting My Recent Work

- Developed a personal portfolio website using React and Tailwind CSS.
- Showcases projects, skills, and experience with a clean, responsive design.
- Optimized for performance, accessibility, and easy customization.

Key Achievements

Problem-Solving
Solved 550+ problems on major platforms like LeetCode and GFG

Competitive Programming
- Consistently improved speed, accuracy through timed contests.

Robotic Club
Hosted sessions in nearby schools, teaching and building IoT-based devices.
